2022 NEW JERSEY STATE POLICE

PURSUIT ANALYSIS REPORT

I. INTRODUCTION - S. O. P. F-15, VEHICULAR PURSUIT POLICY:

Deciding whether to pursue a motor vehicle is among the most critical decisions made by members. It is a decision which must be made quickly and under difficult, often unpredictable circumstances. In recognition of the potential risk to public safety created by vehicular pursuits, no member or supervisor shall be criticized or disciplined for a decision **not** to engage in a vehicular pursuit or to **terminate** an ongoing vehicular pursuit based on the risk involved, even in circumstances where this policy would permit the commencement or continuation of the pursuit. Likewise, members who conduct pursuits consistent with this policy will be strongly supported by the Division of State Police in any subsequent review of such actions.

The primary purpose of this policy is to secure a balance between the protection of the lives and safety of the public, members and other police officers, and law enforcement's duty to enforce the law and apprehend violators. Since there are numerous situations which arise in law enforcement that are unique, it is impossible for this policy to anticipate all possible circumstances. Therefore, this policy is intended to guide a member's discretion in matters of vehicular pursuit.

National police pursuit records provide interesting statistics. First, the majority of police pursuits involve a stop for a traffic violation. Second, statistically, one person dies every day as a result of a police pursuit.

II. PURPOSE:

This 2022 Pursuit Analysis Report is in addition to pursuit statistical reports which are generated annually in accordance with the Attorney General's guidelines concerning the "New Jersey Police Vehicular Pursuit Policy" and is mandated through CALEA standard 41.2.2(J) & 41.2.2(K). The following information involved State Police personnel and occurred between January 1, 2022, and December 31, 2022.

III. OBJECTIVE:

To compile and analyze all statistical data as they relate to all New Jersey State Police involvement in motor vehicle pursuits in identifying **TRENDS, TRAINING ISSUES, DISCIPLINARY ACTION** and creating **BEST PRACTICES** in addressing these topics.

IV. STATISTICAL BREAKDOWN: The following statistical information is provided based upon the New Jersey Attorney General "Pursuit Policy" guidelines.

There was a total of 295 Troopers involved in all of the 98 pursuits documented in 2022. This number includes all Primary and Secondary Troopers, Supervisors, and Passengers involved. The percentage of those committing no violations of the pursuit policy, S.O.P. F-15 for 2022 was 60%.

Statistical comparison of the discipline for the 118 involved members who were determined to have violated S.O.P. F-15 reveals that 76% of those violating pursuit policy were either Primary or Secondary pursuers, followed by Supervisors at 7% and Passengers, who comprised 17% of violations.

2022 SOP F-15 Violation Comparison

When discipline is warranted, it is determined during the review process and may be administered at the initial review level at the recommendation of the respective Station Commander. At the next review level, the Troop Commander may concur or amend earlier findings. When the case is heard before the Motor Vehicle Accident and Vehicular Pursuit Review Board, disciplinary actions may be agreed upon, changed or reversed. Progressive discipline is given based on a tier system and will be administered in the following ascending order:

1. **Verbal Counseling** - A verbal review of the pursuit and pursuit policy by a supervisor with the involved trooper to address violations committed during the commencement and end of the pursuit where violations were minor in nature. This intervention is accomplished after the first violation of a non - egregious manner.
2. **Counseling / Performance Notice** - A written intervention documented into MAPPS after a trooper's second pursuit infraction of a non-egregious manner. A further review of the pursuit in question and Division pursuit policy.
3. **Remedial Training** - The purpose of the Remedial Training Program is to provide personnel with the opportunity to develop the skills, knowledge and abilities necessary to successfully meet the Division's primary mission as a service-oriented law enforcement agency. It is the supervisor's responsibility to monitor all aspects of the subordinate's work performance and recognize when to provide appropriate training at the proper time to ensure that the subordinate is able to perform tasks in a satisfactory manner. Remedial Training is the third tier of discipline and is the next step after a Counseling / Performance Notice intervention. This tier of discipline

is administered after a trooper's third pursuit infraction of a non-egregious manner but may be administered at any time there is a violation of the Division's Pursuit Policy as deemed necessary by the Motor Vehicle Accident and Vehicular Pursuit Review Board.

4. **Internal Investigation** - The final tier of discipline administered after a trooper's fourth pursuit infraction of a non-egregious manner but may be initiated at any time a pursuit results in a violation of an egregious magnitude. The initial investigation will be conducted by the Traffic & Public Safety Office.

An egregious violation is defined as follows: a vehicular pursuit violation committed by an enlisted member of such a glaring, grossly negative, and flagrant manner as to purposely ignore mandated pursuit policies where there existed endangerment to themselves or that of the public and which has been determined to require immediate intervention.

If the respective Troop Commander determines the violation as egregious, the Traffic & Public Safety Office will be notified and if deemed necessary, will respond on behalf of the Board to the appropriate Troop. If both parties jointly agree that an internal investigation be immediately initiated for violations of F-15, the Traffic & Public Office will initiate the complaint.

VI. TRAINING ISSUES:

During Academy training, which takes place at the National Guard Training facility in Sea Girt; recruits are schooled in lessons of practical pursuit driving and tested in their knowledge of the Attorney General Pursuit Policy guidelines. The recruit will be able to:

1. Recite the definitions listed in S.O.P. F-15.
2. Recite the primary purpose of the Vehicular Pursuit Policy.
3. Explain when a member has the authority to stop a motor vehicle according to Title 39 Chapter 5 and S.O.P. F-15
4. Explain the conditions that must exist in order for a pursuit to continue.
5. Explain the factors that may make a Trooper terminate a pursuit.
6. Explain when a Trooper must terminate a pursuit.
7. Explain what equipment must be activated in the vehicle when involved in a pursuit.
8. Explain the information must be relayed to the dispatcher when involved in a pursuit.
9. Recite the vehicular pursuit restrictions.
10. Explain what a roadblock is and the restriction of its use.
11. Explain if or when a Trooper may fire a weapon from or at a moving vehicle.
12. Explain that notification to another jurisdiction that a pursuit is about to enter their patrol area is not an invitation to join the pursuit.
13. Explain the pursuit incident reporting requirements.

When a member attends remedial training to address pursuit policy shortcomings, training aids include Power Point presentations and video tapes from State Police pursuits the member was involved in and cited for violations. The training consists of a 4-hour block of instruction in order to accomplish the following objectives:

1. Understand the definitions listed in S.O.P. F-15.
2. Understand the primary purpose of the Vehicular Pursuit Policy.
3. Understand when a member has the authority to stop a motor vehicle according to Title 39 Chapter 5 and S.O.P. F-15.
4. Understand the conditions that must exist in order for a pursuit to continue.
5. Understand the factors that may make a Trooper terminate a pursuit.
6. Understand when a Trooper must terminate a pursuit.
7. Understand what equipment must be activated in the vehicle when involved in a pursuit.
8. Understand the information that must be relayed to the dispatcher when involved in a pursuit.
9. Understand vehicular pursuit restrictions.
10. Understand what a roadblock is and the restriction of its use.
11. Understand that notification to another jurisdiction that a pursuit is about to enter their patrol area is not an invitation to join the pursuit.
12. Understand the pursuit incident reporting requirements.
13. To reduce the number of S.O.P. F-15 violations being committed by the member.

VII. BEST PRACTICES:

Review of the Division's pursuit policy will continue to be ordered as a block of instruction during future spring and fall pistol qualification and training sessions to address policy changes, trends, and modifications. It should be noted that with the new Attorney General's Pursuit Guidelines, which were adopted in January 2022 and then revised in April of 2022, resulted in a higher percentage of pursuit violations as a complete understanding and interpretation of the new guidelines were being learned.

VIII. RECOMMENDATIONS:

All Troopers who are given authority to participate in vehicle pursuits must be trained properly before they are allowed to engage in pursuits, and they must receive in-service pursuit training on a regular basis. This training must include not only emergency vehicle handling, but also attitude development and decision-making skills in pursuit situations, as well as knowledge of legal limitations and liabilities.
