### **N.J.A.C. 13:54-1.1 Firearms purchaser identification cards and permits to purchase handguns**

This subchapter prescribes the requirements and procedures for the issuance of firearms purchaser identification cards, permits to purchase handguns and the general rules for holders of such permits and identification cards.

### **N.J.A.C. 13:54-1.2 Definitions**

2. Any firearm manufactured under any designation, which is substantially identical to any of the firearms listed in paragraph 1 above. As used in this definition, the term "substantial" means pertaining to the substance, matter, material or essence of a thing and the term "identical" means exactly the same. Hence, a firearm is substantially identical to another only if it is identical in all material, essential respects. A firearm is not substantially identical to a listed assault firearm unless it is identical except for differences that do not alter the essential nature of the firearm.

The following are examples of manufacturer changes that do not alter the essential nature of the firearm: the name or designation of the firearm; the color of the firearm; the material used to make the barrel or stock of the firearm; the material used to make a pistol grip; and a modification of a pistol grip. This is not an exclusive list. A semi-automatic firearm should be considered to be "substantially identical," that is, identical in all material respects, to a named assault weapon if it meets the below listed criteria:

i. A semi-automatic rifle that has the ability to accept a detachable magazine and has at least two of the following:

- (1) A folding or telescoping stock;
- (2) A pistol grip that protrudes conspicuously beneath the action of the weapon;
- (3) A bayonet mount;
- (4) A flash suppressor or threaded barrel designed to accommodate a flash suppressor; and
- (5) A grenade launcher;

ii. A semi-automatic pistol that has an ability to accept a detachable magazine and has at least two of the following:

- (1) An ammunition magazine that attaches to the pistol outside of the pistol grip;
- (2) A threaded barrel capable of accepting a barrel extender, flash suppressor, forward handgrip, or silencer;
- (3) A shroud that is attached to, or partially or completely encircles the barrel and that permits the shooter to hold the firearm with the non-trigger hand without being burned;
- (4) Manufactured weight of 50 ounces or more when the pistol is unloaded; and/or
- (5) A semi-automatic version of an automatic firearm; and

iii. A semi-automatic shotgun that has at least two of the following:

- (1) A folding or telescoping stock;
- (2) A pistol grip that protrudes conspicuously beneath the action of the weapon;
- (3) A fixed magazine capacity in excess of six rounds; and/or
- (4) An ability to accept a detachable magazine;

3. A semi-automatic shotgun with either a magazine capacity exceeding six rounds, a folding stock or a pistol grip;

4. A semi-automatic rifle with a fixed magazine capacity exceeding 15 rounds; or

5. A part or combination of parts designed or intended to convert a firearm into an assault firearm, or any combination of parts from which an assault firearm may be readily assembled if those parts

are in the possession or under the control of the same person.

The following are not considered assault firearms within the meaning of this definition:

1. The Colt Match Target rifle, based on the manufacturer's specifications, is not part of the AR-15 series, and, thus, is not prohibited under N.J.S.A. 2C:39-1w(1). Although this rifle may resemble the Colt AR-15, there have been substantial changes to the firearm, including the receiver, which is not identical to an AR-15 receiver. In addition, because of changes in the configuration of the firearm, the Colt Match Target rifle is not substantially identical to a firearm prohibited under this classification.
2. The Springfield M1A rifle is not one of the enumerated firearms which are specifically prohibited under the State assault firearms laws. It has been prohibited in this State as being substantially identical to a named firearm. However, according to the manufacturer's specifications, the M1A has been modified. The modified M1A, which became available in 1994, is not considered to be substantially identical to a prohibited firearm under N.J.S.A. 2C:39-1w(2) and these rules. However, earlier versions of the M1A, which contain at least two of the criteria identified in the Attorney General's Guidelines Regarding the "Substantially Identical" Provision in the State's Assault Firearms Laws dated August 19, 1996 and reproduced in paragraph 2 above, are considered to be substantially identical to a prohibited firearm and continue to be defined as an assault firearm.

"Body armor penetrating bullets" means bullet(s) designed for use in a handgun and whose core or jacket, if the jacket is thicker than .025 of an inch, is of tungsten carbide or hard bronze or is made of other material, which is harder than a rating of 72 or greater on the Rockwell B. Hardness Scale and is capable of breaching or penetrating body armor.

"Chief of police" or "chief police officer" means the highest ranking sworn member of a municipal police department.

"Firearm or firearms" means any handgun, rifle, shotgun, machine gun, automatic or semi-automatic rifle, or any gun, device or instrument in the nature of a weapon from which may be fired or ejected any solid projectable ball, slug, pellet, missile or bullet, or any gas, vapor or other noxious thing, by means of a cartridge or shell or by the action of an explosive or the igniting of flammable or explosive substances. It shall also include, without limitation, any firearm, which is in the nature of an air gun, spring gun or pistol or other weapon of a similar nature in which the propelling force is a spring, elastic band, carbon dioxide, compressed or other gas or vapor, air or compressed air, or is ignited by compressed air, and ejecting a bullet or missile smaller than three-eighths of an inch in diameter, with sufficient force to injure a person.

"Firearms Purchaser Identification Card number" means the number assigned by the State Bureau of Identification (SBI) pursuant to a fingerprint check of an applicant's fingerprints, for the issuance of a Firearms Purchaser Identification Card, as reported by the SBI to the investigating authority. The Firearms Purchaser Identification Card number shall be synonymous with SBI number.

"Gunsmith" means a person who is in the business of repairing or servicing firearms.

"Handgun" means any pistol, revolver, or other firearm originally designed or manufactured to be fired by the use of a single hand.

"Large capacity ammunition magazine" means a box, drum, tube or other container, which is

capable of holding more than 15 rounds of ammunition to be fed continuously and directly therefrom into a semi-automatic firearm. A large capacity ammunition magazine that has been permanently altered so that it is not capable of holding more than 15 rounds of ammunition will cease to be defined as a "large capacity ammunition magazine." An ammunition magazine, which has been temporarily blocked or modified from holding more than 15 rounds, as by a piece of wood or a pin, is still considered to be a "large capacity ammunition magazine."

"Machine gun" means any firearm, mechanism or instrument not requiring that the trigger be pressed for each shot and having a reservoir, belt or other means of storing and carrying ammunition which can be loaded into the firearm, mechanism or instrument and fired therefrom.

"Manufacturer" means any person who receives or obtains raw materials or parts and processes them into firearms or finished parts of firearms, except a person who exclusively processes grips, stocks, and other nonmetal parts of firearms. The term does not include a person who repairs existing firearms or receives new and raw materials or parts solely for the repair of existing firearms.

"NICS" means the National Instant Criminal Background Check System accessed by telephone or facsimile transmission through the Division of State Police, which retailers must contact for information on whether a person is prohibited from receiving or possessing a firearm under State or Federal law.

"Person" means any natural person, corporation, partnership, firm or association of any kind or nature whatsoever; any public entity of any kind or nature; the plural, as well as the singular and any gender.

"Pistol grip" means a well defined handle, similar to that found on a handgun, that protrudes conspicuously beneath the action of the weapon, and which permits the firearm to be held and fired with one hand.

"Retail dealer" means any person, including a gunsmith, except a manufacturer or a wholesale dealer, who sells, transfers, or assigns for a fee or profit any firearm or parts of firearms or ammunition which he has purchased or obtained with the intention, or for the purpose of reselling or reassigning to persons who are reasonably understood to be the ultimate consumers, and includes any person who is engaged in the business of repairing firearms or who sells any firearm to satisfy a debt secured by the pledge of a firearm.

"Rifle" means any firearm designed to be fired from the shoulder and using the energy of the explosive in a fixed metallic cartridge to fire a single projectile through a rifled bore for each single pull of the trigger.

"Sawed-off shotgun" means any shotgun having a barrel or barrels of less than 18 inches in length measured from the breach to the muzzle, or a rifle having a barrel or barrels of less than 16 inches in length measured from the breach to the muzzle, or any firearm made from a rifle or a shotgun, whether by alteration, or otherwise, if such firearm as modified has an overall length of less than 26 inches.

"Semi-automatic" means a firearm which fires a single projectile for each single pull of the trigger and is self-reloading or automatically chambers a round, cartridge or bullet.

"Shotgun" means any firearm designed to be fired from the shoulder and using the energy of the explosive in a fixed shotgun shell to fire through a smooth bore either a number of ball shots or a

single projectile for each pull of the trigger, or any firearm designed to be fired from the shoulder which does not fire fixed ammunition.

"Superintendent" means the Superintendent of the New Jersey State Police.

"Weapon" means anything readily capable of lethal use or of inflicting serious bodily injury. The term includes, but is not limited to, all:

1. Firearms, even though not loaded or lacking a clip or other component to render them immediately operable;
2. Components which can be readily assembled into a weapon;
3. Gravity knives, switchblade knives, daggers, dirks, stilettos, or other dangerous knives, billies, blackjacks, bludgeons, metal knuckles, sandclubs, slingshots, cesti or similar leather bands studded with metal filings or razor blades imbedded in wood;
4. Stun guns; and
5. Any weapon or other device, which projects, releases or emits tear gas or any other substance intended to produce temporary physical discomfort or permanent injury through being vaporized or otherwise dispensed in the air.

"Wholesale dealer" means any person, except a manufacturer, who sells, transfers, or assigns firearms, or parts of firearms, to persons who are reasonably understood not to be the ultimate consumers, and includes persons who receive finished parts of firearms and assemble them into completed or partially completed firearms, in furtherance of such purpose, except that it shall not include those persons dealing exclusively in grips, stocks and other nonmetal parts of firearms.

### **N.J.A.C. 13:54-1.3 Firearm identification card or permit to purchase required**

(a) No person, other than a licensed or registered retail or wholesale dealer, shall receive, purchase or otherwise acquire a rifle, shotgun or antique cannon, other than an antique rifle or shotgun, unless that person possesses and exhibits a valid firearms purchaser identification card. No person shall sell, give, transfer, assign or otherwise dispose of a rifle, shotgun or antique cannon, other than an antique rifle or shotgun, to a person other than a licensed or registered retail or wholesale dealer unless the buyer or receiver possesses and exhibits a valid firearms purchaser identification card. No person shall sell or acquire a sawed-off shotgun.

(b) No person, other than a licensed or registered retail or wholesale dealer shall receive, purchase or otherwise acquire a handgun unless that person possesses and exhibits a permit to purchase a handgun. No person shall sell, give, transfer or assign or otherwise dispose of a handgun to a person other than a licensed or registered retail or wholesale dealer unless the buyer or receiver possesses and exhibits a valid permit to purchase.

(c) The provisions of (a) and (b) above shall not apply to the Armed Forces of the United States, the National Guard or to a law enforcement agency; provided that such transactions are authorized in writing by the appropriate governmental entity as provided by this chapter.

1. The Superintendent shall be notified in writing within five days of any firearm purchased or otherwise acquired by a New Jersey law enforcement agency for departmental use. In the case of a purchased firearm, the notification to the Superintendent shall be made by the chief of police or department head of the agency or designee, and shall include the purchase date, dealer's name and address, and the make, model, caliber and serial number of the firearm.

2. No law enforcement agency shall directly transfer a department-owned firearm, other than those issued as a duty firearm, to another person without such transfer going through a New Jersey licensed retail firearms dealer.

3. In the case of a firearm seized through forfeiture, pursuant to *N.J.S.A. 2C:64-1* et seq., all applicable forfeiture standing operating procedures (SOPs) and guidelines issued by the Attorney General and/or the county prosecutor's office shall be followed. Notification to the Superintendent of the use of the forfeited weapon by the agency shall be made by the chief of police or department head of the agency or designee, and shall include the acquisition date, and the make, model, caliber and serial number of the firearm. This notification shall also include a copy of the written authorization of the county prosecutor's office, New Jersey Attorney General's Office, and the Superior Court of New Jersey, approving the use of the seized and/or forfeited firearm by the agency. No court order shall be necessary in the case of prima facie contraband; however, all forfeiture SOPs dealing with contraband must still be followed. Forfeited firearms shall be used solely for law enforcement purposes. Once a seized and/or forfeited firearm is no longer useful to the law enforcement agency, it shall be destroyed upon authorization from the county prosecutor's office and/or Attorney General's Office that originally granted approval for use of the firearm.

4. If an agency wishes to utilize firearms that are considered abandoned property, all procedures pursuant to the Abandoned Property Act, *N.J.S.A. 40A:14-157*, must be followed in addition to ensuring that proper notifications are made to the prosecutor's office, Attorney General's Office and the Superintendent as set forth above. New Jersey law enforcement agencies can only purchase firearms through licensed retail firearms dealers in New Jersey. Individuals donating firearms to New Jersey law enforcement agencies must ensure that all such transfers are conducted through licensed dealers pursuant to all regulatory provisions, State statutes and all necessary local ordinances.

(d) Nothing in this subchapter shall be construed to apply to the transfer, receipt or acquisition of a firearm that is otherwise lawful under *N.J.S.A. 2C:58-3.1*, *2C:58-3.2* or *2C:58-6.1(b)*.

#### **N.J.A.C. 13:54-1.4 Applications for a firearms purchaser identification card and for a permit to purchase a handgun**

department in the municipality in which the applicant resides. If the municipality does not have an organized full-time police department, application shall be made to the State Police station servicing the municipality in which the applicant resides, or to any State Police station in the case of a non-resident.

(e) The chief of police of an organized full time police department of the municipality where the applicant resides, or the Superintendent, when the applicant is a non-resident of this State or when the municipality does not have a full time department, shall accept and investigate applications for firearms purchaser identification cards and permits to purchase handguns.

(f) The fingerprints of any applicant shall be compared with any fingerprints maintained by the State Bureau of Identification and the Federal Bureau of Identification for the purpose of ascertaining the existence of any criminal record. The fingerprints shall be obtained and submitted for such comparison by the chief of police or the State Police, as the case may be.

(g) An applicant for a handgun purchase permit who possesses a valid firearms purchaser identification card, or who has previously obtained a handgun purchase permit from the same licensing authority for which he or she was previously fingerprinted, and who provides an additional valid identification document of his or her identity, need not be fingerprinted again. In such cases, the chief of police or Superintendent shall otherwise fully investigate the applicant in accordance with this subchapter. The chief of police or Superintendent shall require the applicant to complete the New Jersey State Police, State Bureau of Identification (SBI) "Request For Criminal History Record Information For Non Criminal Justice Purpose" form, and pay the appropriate fee established by *N.J.A.C. 13:59*. (i) The chief of police or the Superintendent, as the case may be, shall either approve or disapprove the applications. Permits and cards shall be issued by the chief of police or the Superintendent to persons who are found to be qualified and who are not subject to any of the disabilities set forth by this subchapter.

3. To any person who suffers from a physical defect or disease which would make it unsafe

for him or her to handle firearms, to any person who has ever been confined for a mental disorder, or to any alcoholic unless any of the foregoing persons produces a certificate of a medical doctor or psychiatrist licensed in New Jersey, or other satisfactory proof, that he or she is no longer suffering from that particular disability in such a manner that would interfere with or handicap him or her in the handling of firearms; to any person who knowingly falsifies any information on the application form for a handgun purchase permit or firearms purchaser identification card;

4. To any person under the age of 18 years for a firearms purchaser identification card and to any person under the age of 21 years for a permit to purchase a handgun;

A permit or identification card may be issued to a person who had previously suffered from a physical defect or disease, or mental disorder, or was an alcoholic if the applicant provides a certificate of a medical doctor or psychiatrist licensed in New Jersey, or other satisfactory proof that he or she is no longer suffering from that particular disability in such a manner that it would interfere with or handicap him or her in the handling of firearms.

#### **N.J.A.C. 13:54-1.7 Validity of firearms identification card and permit to purchase a handgun**

(a) A firearms purchaser identification card shall be valid until such time as the holder becomes subject to any of the disabilities set forth by law and this subchapter pertaining to an applicant's eligibility. Upon becoming subject to any of the disabilities set forth in this subchapter, the card shall be void and shall be returned to the Superintendent within five days.

(b) A permit to purchase a handgun shall be valid for a period of 90 days from the date of issuance and may be renewed by the issuing authority for good cause for an additional 90 days. If the seller is not a licensed dealer, the certification may be retained by the seller or it may be filed with the chief of police of the municipality in which he or she resides or, in all other cases, with the Superintendent. The seller shall retain the certification if he or she is a licensed dealer.

(b) A permit to purchase a handgun shall be issued to the applicant in quadruplicate. the Superintendent in all other cases.

(c) It shall be the responsibility of the chief of police of the municipality wherein the applicant currently resides or the Superintendent in all other cases, to conduct a criminal history records check and to determine if the applicant is subject to any of the disabilities as provided by law and this subchapter and to issue the duplicate card, should the applicant qualify. The applicant shall pay the appropriate fee for a Criminal History Record Check as established by *N.J.A.C. 13:59* in accordance with *N.J.S.A. 53:1-20.5* et seq. (P.L. 1985, c.69).

After the issuance of the initial license, a retail dealer has a continuing obligation to remain in compliance with local zoning requirements and to notify the Superintendent within 48 hours of receiving written notice from the local zoning official or other competent authority that he or she is not in compliance with such local zoning requirements. 1. The business shall be carried on only in the building or buildings designated in the license, provided that repairs may be made by the dealer or his employees outside of such premises.

2. The license or a copy certified by the issuing authority shall be displayed at all times in a conspicuous place on the business premises where it can be easily read.

3. No firearm, ammunition or imitation thereof shall be placed in any window or in any other part of the premises where it can be readily seen from the outside.

4. No rifle or shotgun, except antique rifles or shotguns, shall be delivered to any person, other than a licensed or registered retail or wholesale dealer or manufacturer, or a law enforcement agency as provided in this chapter, unless such person possesses and exhibits a valid firearms purchaser identification card and furnishes to the seller, on form NJSP 634, a certification signed by him setting forth his name, permanent address, firearms purchaser identification card number and such other information as the Superintendent may require. The certification shall be retained by the dealer and shall be made available for inspection by any law enforcement officer at any reasonable time.

5. No handgun shall be delivered to any person, other than a licensed or registered retail or wholesale dealer or manufacturer, or a law enforcement agency as provided by this chapter, unless:

i. Such person possesses and exhibits a valid permit to purchase a handgun and at least seven days have elapsed since the date of application for the permit;

ii. The person is personally known to the seller or presents evidence of his or her identity;

iii. The handgun is unloaded and securely wrapped; and

iv. The handgun is accompanied by a trigger lock or a locked case, gun box, container or other secure facility, provided, however, this provision shall not apply to antique handguns. The exemption afforded under this subparagraph for antique handguns shall be narrowly construed, limited solely to the requirements set forth in this subparagraph and shall not be deemed to afford or authorize any other exemption from the regulatory provisions governing firearms set forth in Chapter 39 and Chapter 58 of Title 2C of the New Jersey statutes.

6. The dealer shall keep a true record of every firearm sold, given or otherwise delivered or disposed of and the record shall note that a trigger lock, locked case, gun box, container or other secure facility was delivered along with the handgun, in accordance with the provisions of *N.J.S.A. 2C:58-2(a)(6)* and *2C:58-2(b)* through (e). The dealer shall:

i. Complete and keep a form of register, which is part of the permit to purchase a

handgun (designated SP-671) for each handgun sold and obtain the information sought by the form of register and obtain the signature and address of the purchaser in the purchaser's own handwriting;

ii. Complete in a legible manner the permit to purchase a handgun in the space provided on the form;

iii. Forward the permit to purchase a handgun and form of register copies to the respective individuals, as noted on the forms, within five days of the date of sale. 7. The license holder shall continue to qualify for the issuance of a permit to purchase a handgun or firearms purchaser identification card and shall not pose a danger to the public health, safety or welfare.

8. The dealer shall comply with any other conditions regulating retail dealers as provided in this chapter.

9. The dealer shall continue to comply with local zoning requirements.

### **N.J.A.C. 13:54-3.10 Renewal of retail dealers and employees licenses**

(a) An applicant for renewal of a retail firearms dealers license need not be fingerprinted again, provided such applicant completes the New Jersey State Police, State Bureau of Identification (SBI) "Request For Criminal History Record Information For A Non Criminal Justice Purpose" form, and submits the required fee for processing such form established by *N.J.A.C. 13:59*. If the applicant disputes the results of the criminal history records check, or the check reveals a discrepancy relating to the applicant, the individual shall be required to submit fingerprints for verification of identity.

(b) An applicant for renewal of a retail firearms dealers license need not submit additional proof of zoning compliance to the Superintendent. Dealers are nevertheless required to notify the Superintendent within 48 hours of receiving written notice from the local zoning official or other competent authority that they are not in compliance with such local zoning requirements. The failure of a retail dealer to comply with this notification requirement may result in the revocation of the registration or license of such dealer.

(c) An applicant for renewal of a retail firearms dealers license shall follow all other procedures required for the issuance of an initial license, including completion of form SP 649 and submission of a consent for mental health records form SP 66. Such applications shall be accompanied by a nonrefundable fee of \$ 50.00 payable to the Superintendent and the fee

established by *N.J.A.C. 13:59* in accordance with *N.J.S.A. 53:1-20.5* et seq.

(d) The employee's license is valid, only so long as the employer's retail dealer license is valid, and therefore employees' licenses must be renewed simultaneously with the employer's license. To this end, all licensed employees who engage in the purchase or sale of firearms, ammunition or engage in gunsmithing, must also submit renewal applications to continue transacting business on behalf of the licensee, including completion of form SP 649 and submission of a consent for mental health records form SP 66. Such applications shall be accompanied by a nonrefundable fee of \$ 5.00 payable to the Superintendent and the fee established by *N.J.A.C. 13:59* in accordance with *N.J.S.A. 53:1-20.5* et seq. In addition to complying with the other requirements of this chapter, the retail dealer shall, prior to the sale or transfer of a rifle, shotgun, or receiver, initiate a NICS check with the Division of State Police as defined in *27 CFR 478.11*, which is incorporated by reference herein, as may be amended and supplemented.

(a) Every purchaser, other than a licensed or registered retail or wholesale dealer or manufacturer, or law enforcement agency as provided in this chapter, shall present a valid permit to purchase a handgun to the dealer, who shall confirm the identity of the purchaser. A permit is valid for the purchase of one handgun or receiver. The dealer shall adhere to the following procedures:

2. Complete in a legible manner the permit to purchase a handgun in the space provided on the form;
3. Deliver the handgun unloaded and securely wrapped;
4. Forward the permit to purchase a handgun and form of register copies to the respective individuals, as noted on the forms, within five days of the date of sale. If the issuing authority is the State Police, both the original and the second copy of the permit to purchase and the form of register are to be forwarded to the State Police;
5. Retain the form of register and make it available for inspection by any law enforcement officer at reasonable hours; and
6. In addition to complying with the other requirements of this chapter, the retail dealer shall, prior to completing the sale or transfer of a handgun or frame, initiate a NICS check with the Division of State Police as defined in *27 CFR 478.11*, which is incorporated by reference herein, as may be amended and supplemented.

**N.J.A.C. 13:54-3.14 Permanent record of receipt and disposition of firearms and ammunition**

(a) Every retail dealer of firearms or gunsmith shall maintain a permanent record of each firearm acquisition and disposition, including firearm frames and receivers. The record shall be maintained in a bound form and shall be kept at the location where the business is being conducted. The record of purchase or acquisition shall consist of invoices or other commercial records, which shall be filed in an orderly manner separate from other commercial records maintained. The purchase or other acquisition of a firearm by the licensed dealer must be recorded no later than at the close of the next business day following the date of such purchase or other acquisition. The record shall show the date each firearm was purchased or otherwise acquired, the type, manufacturer, importer, caliber or gauge, model, name and address of the person from whom received, and the serial number of the firearm. The sale or other disposition of a firearm must be recorded by the licensed dealer not later than the close of the next business day following the date of such sale or disposition. The record shall show the date of sale or other disposition of each firearm, the name and address of the person to whom the firearm was transferred, and the type, manufacturer, importer, caliber or gauge, model and the serial number of the firearm. record need be maintained for the sale or disposition of shotgun or rifle ammunition. However, sales or other dispositions of ammunition intended for use in any other firearm and which may be interchangeable between rifles and handguns, as well as hollow-nosed or dum-dum ammunition, must be recorded. The records shall be maintained in chronological order by date of acquisition and disposition and shall be kept at the location the business is being conducted.

(c) The firearms and ammunition acquisition and disposition record as prescribed under this section need not be required, provided the dealer maintains an updated Federal firearms and ammunition record on firearms or ammunition purchased or acquired and sold as prescribed in Title 26, Internal Revenue, Chapter 1 "Commerce in Firearms and Ammunition", and to the extent that the information required by this section is included on such records. If not included, then the Federal records are to be supplemented so as to include all information required by this section.

### **SUBCHAPTER 7. RETIRED LAW ENFORCEMENT OFFICER'S IDENTIFICATION CARD TO PERMIT CARRYING A HANDGUN**

#### **N.J.A.C. 13:54-7.1 Forms and fees for retired law enforcement officer's identification card**

(a) A person who is a retired law-enforcement officer within the meaning of P.L. 1997, c.67, § 1(1) (*N.J.S.A. 2C:39-6(l)*) and who, pursuant to this statute, applies for an initial identification card or for an annual renewal of a current or an expired identification card permitting the retired law-enforcement officer to carry a handgun shall complete the appropriate form prescribed by the Superintendent and shall submit the form to the Division of State Police. The form shall inquire as to the identity of the officer and the law-enforcement agency from which the officer retired, and as to matters that might disqualify the officer, including judgments or convictions for crimes or offenses that would render the officer's possession of a handgun illegal under State or Federal law. The form shall be accompanied by three passport-type photos appropriate for inclusion on the identification card, and by evidence that the officer has timely qualified in the use of the handgun he or she is permitted to carry in accordance with the requirements and procedures established by the Attorney General pursuant to *N.J.S.A. 2C:39-6(j)*. The form shall also be accompanied by a non-refundable application fee of \$ 50.00 and if the retired law-enforcement officer is applying for an initial identification card, rather than a renewal, the form shall be accompanied by the forms and fees set forth in (b) and (c) below, if applicable.

(b) No retired law-enforcement officer shall be approved to obtain an initial identification card unless the retired officer's fingerprints have been submitted to the State Bureau of Identification of the Division of State Police so as to allow the State Bureau of Identification to assign an identification number (hereinafter, the "SBI number") to the firearms applicant file for that retired officer. The retired officer shall submit the officer's SBI number on the application form. If the retired officer does not have an SBI number, then the officer's application shall be

accompanied by the officer's fingerprints, and by the fee prescribed by *N.J.A.C. 13:59-1.3(a)*.

(c) An application for an initial identification card shall also be accompanied by a fee of \$ 10.00 to be collected by the State Bureau of Identification. This \$ 10.00 fee will offset costs associated with "flagging" the retired officer's SBI number so as to alert the Firearms Investigation Unit of any pending or subsequently lodged criminal charges against the officer that might afford grounds for revoking the officer's privilege to carry a handgun, and also costs associated with that Unit's investigation of such charges.
